

If you love it, locate it!

Quick Start Guide

We recommend you take a few minutes to familiarize yourself with the PocketFinder device and service by following the quick start guide or by visiting www.pocketfinder.com/learn/userguide.

If you have any questions, please email: support@pocketfinder.com or call customer service at 866-726-7543 from 7:00 am to 7:00pm CT.

Download the Free App! – From your mobile device access the App Store and download the PocketFinder App!

Step 1 – Charge Device

Attach the mini-USB Wall Charger to the back of the charging base and then plug into a wall socket.

Place the PocketFinder device firmly in the charging base so that the indicator light is illuminated.

Charge it the first time for 5 to 6 hours. Subsequent charges range from 3 to 4 hours.

Step 2 – Activate

To activate your PocketFinder device go to www.pocketfinder.com and click the, “Activate” button to complete set-up or add new device process.

Step 3 - Begin Locating

After your PocketFinder is completely charged, place it in a window or take it outside so it has a clear view of the sky to be able to get its first locate.

We recommend charging your PocketFinder like a cell phone – every night!

Congratulations and welcome to PocketFinder!
